

Medicare Part D Rx Research Sessions

The Medicare Open Enrollment Period for picking a Part D or Medicare Advantage plan begins October 15th and ends on December 7th. Plan changes will be effective January 1, 2017. We recommend that even if you are happy with your current Part D or Medicare Advantage plan, check how your medicines will be paid for in 2017. Once 2017 starts, it might be too late to change plans!

This year, we are offering weekday and weekend classes for one-to-one counseling by appointment. These appointments are by reservation only and we will need the medication information ahead of time so the information lookup can be completed before the appointment.

Senior Community Services, a nonprofit agency, has been providing free, unbiased Medicare counseling to Medicare beneficiaries and their families for over 20 years. We are not insurance agents; we will not be providing a sales pitch. Confidential appointments will be provided by highly-trained Medicare Counselors. Senior Community Services will have completed the research (via www.Medicare.gov) of the cheapest options for you before you arrive. In order to do this, the Client Information Sheet needs to be completed and turned in before the appointment.

Day	Session Times	Location
Saturday, November 12	9AM 10AM 11AM 12PM	Minnetonka Community Center 14600 Minnetonka Blvd. Minnetonka, MN 55345
