With your help...

23,159 older adults and their caregivers received critical help and support throughout Minnesota.

884 older adults and caregivers received critical support and guidance from licensed social workers through Senior Outreach & Caregiver Services

2,787 caregivers successfully managed the care of their loved one by utilizing CareNextion.org.

996 older adults avoided financial hardship and received necessary health care through Senior Partners Care.

1,439 older adults remained safe & independent in their own home.

17,053 felt more connected and empowered through their local senior center.

The impact...

"I enjoy coming to the center because it's fun and I love people. The center provides great socialization, lifelong learning opportunities and a chance to make a lot of friends. I especially enjoy bringing my grandchildren to the many events during the holidays."

- Joyce, Senior Centers

"I've been retired for 20 years and have a fixed income. Senior Partners Care has saved me thousands of dollars."

- Jean
Senior Partners Care

"A health crisis is draining and emotional. CareNextion really helped lessen the stress."

- Deb, CareNextion

"I will never forget who held my hand and guided me through the process -- thanking you is not enough. I would never have known how to maneuver through the system and maintain my sanity... Please continue your work, as there are others who need your encouragement, patience and knowledge."

- Susan
Senior Outreach & Caregiver Services

"My thank-you seems so small compared to what you folks did for me. I was overwhelmed. Your volunteers raked, cut, bundled and bagged my yard waste. I am so appreciative. Your help has allowed me to stay in my home."

- Elaine, HOME
