

June 3, 2026  
Plymouth Community Center

**Bingo for Better Aging** is a new community fundraiser hosted by Senior Community Services (SCS) that brings people together in support of older adults and the programs that help them live with dignity, connection, and independence.

Designed to be welcoming, accessible, and fun, this event offers a meaningful way for community partners to engage with SCS's mission while connecting with a broad audience of supporters who care deeply about aging well in our community. Proceeds from Bingo for Better Aging directly support SCS programs that reduce isolation, strengthen wellbeing, and provide trusted services for older adults and caregivers.

Sponsorship of Bingo for Better Aging demonstrates your organization's commitment to community, inclusion, and impact. Whether you are a longtime supporter of Senior Community Services or a new partner, this event offers an opportunity to show your support in a way that is visible, values-aligned, and rooted in connection.
