

TECH Services Technology Education, Connection & Help 952-888-5530

Technology is integral to almost everything we do today and offers advantages like convenience and cost savings. Some older adults feel they are missing out on opportunities if they don't have access to the internet or a device, or have limited knowledge about technology and how to use it.

Our Technology Coaches are experts in working with adults age 60 and older to navigate this new digital landscape. Here's how we can help:

Access to internet service and devices

We offer guidance in finding affordable internet service providers and if you need a device (smartphone, tablet, or laptop), we can make recommendations based on individual needs.

Connecting a device

We'll help connect your device to the internet and adjust settings for basic use, communication, online safety, and security features. Turn over for

Personalized usage

Once connected, tell us what you'd like to do, and we'll help personalize your device. We'll recommend functions, services, and apps that will be most useful to you, and help you learn how to use them.

Technology support your way

TECH Services are available in Carver, Hennepin, Scott, Sherburne, and Wright counties, though specific support offerings vary by location.

TECH Services are provided as part of Senior Community Services' HOME Program and funded in part by Wright County and the Minnesota Department of Human Services.

How do I turn this thing on?

If using a device is new to you, we'll help you learn how to successfully "tap" and "swipe" to access basic features and functions that keep you connected and protected:

- Setting up contact lists
- Making and receiving phone calls
- Accessing voicemail
- Sending and receiving text messages
- · Creating and using an email account
- Making video calls
- Locking your device & security settings
- Creating & managing passwords and more

There's an app for that!

One benefit of hand-held devices is managing daily tasks and appointments from just about anywhere. Tell us what's important to you. We'll teach you how to access device features. download apps, and explain security features, for uses including:

- Using a calendar and setting reminders
 Telehealth visits with your doctor
- Connecting to social media
- Ordering groceries, prescriptions, pet
 Ride sharing and more supplies, and other items
- Banking and paying bills

Entertainment, exercise, and education at your fingertips

Use your device for on-demand access to music, podcasts, movies/TV shows, and exercise classes. Play video games, word games, and classics like solitaire or chess, alone or with others. Explore a new skill or hobby like DIY craft projects, rewiring a lamp, making a gourmet meal, taking a virtual tour, and more.

Call 952-888-5530 to learn more or schedule an appointment

If we're unable to solve your problem or it requires services we don't provide, we'll suggest next steps to take.

Services we do NOT provide:

- Help with devices owned by a company
- Help with business related software or hardware
- Help with tax preparation, personal accounting, or other financial assistance
- Failed hardware data recovery
- Replacing or adding cable/ethernet wiring/connections inside walls or areas difficult to access
- Hardware repair (broken screen, failed batteries, inoperable printers, etc.)

Our Technology Coaches are fully vetted, and have experience with common technology issues and settings for phones, tablets, laptops, desktop computers, TVs, and more. By using this service, you agree that Senior Community Services is not liable for any data loss or other issues that may arise from supporting you and your electronic devices. We reserve the right to refuse service if the issue is too complex, and offer no warranties for these services.
