# 2018 Annual Report

Thanks to the commitment and compassion of our many supporters, partners, volunteers and staff, we were able to provide nearly 24,000 older adults and their caregivers with crucial services born of creativity, dedication and passion. We could not have done this without you!

At Senior Community Services, we support older adults to live independently in their own homes and our shared communities for as long as possible with services that make life not just manageable, but healthy, happy and robust.

As we look to the future, we are trying out new and creative ways to tell our story and share the impact we all make together by supporting older adults teetering on that fine line between living independently at home and dependence in a senior care facility. We are moving forward in developing ways to best support younger generations that are coming into their caregiver roles, and strengthening our services to best meet the needs of those just now coming into retirement.

**THANK YOU FOR HELPING US ACCOMPLISH ALL THAT WE DID IN 2018. TOGETHER, WE CAN ACCOMPLISH SO MUCH MORE IN 2019.**

On behalf of those we serve, thank you for your generous support.

"I want to thank the HOME program for everything you do for me. I'm 85 now and want to stay in my home for as long as possible. I appreciate everyone who makes that possible."

-Helen

"I've been retired for 20 years and have a fixed income. Senior Partners Care has saved me thousands."

-John

"The secondary battles of my mom's care (financial, emotion, physical) are far greater than the direct battle of actually giving care. For many of us these battles get overlooked. The support group is the only place I've found where others understand and validate these extra challenges."

-Marie

"SCS is providing valuable assistance to seniors who wish to remain in their homes as they age. Their unique programming provides for self-sufficiency and engages seniors in the broader community."

-Dan Reardon, CEO Otto Bremer Trust
