

SENIOR
COMMUNITY
SERVICES

Dear Friend,

Please take a moment and reflect upon the older loved ones in your life... **your parents, your grandparents, a favorite aunt, uncle, or neighbor.** Now, imagine discovering a loved one struggling to remain independent, perhaps falling while trying to change a light bulb or shovel snow. Your heart would ache knowing they were struggling or becoming isolated and lonely.

Our lives are better because of our older loved ones. **They were there for us earlier in life; now, it's our turn to be there for them.**

Senior Community Services makes life better for the older adults we hold most dear. The services we provide enable them to remain independent and safe in the homes they love, connect them with their communities, and support the families who provide care for them.

Nine out of ten older adults prefer to live independently in their own home, and more than 90 percent of their care is being provided by family or friends. We team with them to make their preferred lifestyle work for as long as possible. **Thank you for your generous support which allows us to provide these critical services.**

Our mission is driven by committed and compassionate board members, staff, volunteers, and collaborating partners. Together we ease struggles, so older adults and their caregivers can live life to the fullest potential. As you read our latest annual report, please know that **we are grateful for your friendship and support.**

Sincerely,

Deb Taylor
CEO

Susan A. Heichert
Board President

volunteers served over 28,000 hours

THE PEOPLE

“It means the world to me to know I have your help. I feel safe and comfortable working with you. Thank you!”

-Dorothy

“This help has been a blessing. It has allowed me to stay in my home of 46 years.”

-Jack

“Thank you for helping my family meet about my parent’s situation. I feel like a huge weight has been lifted from my shoulders as a caregiver.”

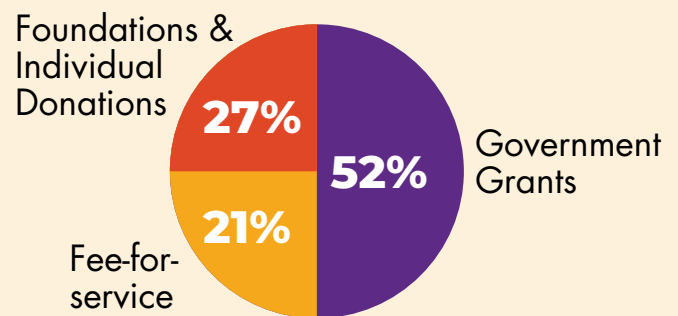

-Susan

THE FUNDING

With a budget of **\$2 MILLION**, **13,604** seniors & caregivers received vital support services.

THE BREAKDOWN

We continue to emphasize outreach to more community organizations and individual donors for a more diverse base of funding support
